### REASONS FOR ALLOWANCE

Claims 1, 2, and 4-15 are allowed.

The following is an examiner's statement of reasons for allowance:

The claims are considered patentable because of the inclusion of the claim limitations, a second gear train for connecting only a developing device revolved and stopped at a developing position to the same drive source that is connected to a rotary unit by a first gear train and a drive switching means, in combination with the other limitations of the claims, that is not taught by or suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
